SciVR instructions

1. Download the SciVR app to your smartphone.

You will need mobile data or wifi / internet.

SciVR [4+]
Science in VR
Alan Duffy
Free

Search for the SciVR app in the App Store or Google Play (make sure you know the password for your account)

or follow the links at www.scivr.com.au

It might take a few minutes, depending on your internet quality.

2. Open the SciVR app and turn your phone sideways to landscape.

If you have a mini VR headset, choose VR mode.

The SciVR app is your gateway to a universe of science, bringing the cosmos to you.

For more information visit the SciVR website.
Additional material available from OzGrav.

Select Interaction Mode to enter:

Magic Window   Touch   VR

If you don't have a VR headset, you can use the app without VR mode.
Magic Window mode lets you move your phone/device around to see up and down.

Touch mode allows you to touch the screen and scroll to look around.

The rest of these instructions assume you are using VR mode.

VR mode has 2 images

Non-VR mode has 1 image

3. Open out the mini VR headset.

Clip it onto your phone.

Line up the headset in the middle of the 2 images.

If your phone has a bulky case, you may need to take the case off.

4. Hold the phone and VR headset up to your eyes. Look through the lenses. Move your phone around to look.

Move the circle over menu items or hotspots to select, then tap.

To select an item:
- look at it
- when the disk turns green
- tap the screen/button

You can look up, down and behind you. Make sure you are safe and don't fall over.

Move the grey circle over the object you want to select. When the grey circle turns green, you can select this object.

To select, tap the screen with your finger. You can tap anywhere on the screen.

5. To calibrate the VR lenses, tap the gear/cog icon, then "Select Headset"

then scan this QR code:

Settings
Select Headset

Skip this step if you are using the app in single screen mode.

This will pair your phone with the Lion VR mini viewer.

You may need to download the Google Cardboard app (internet connection required).

Extra: You can minimise and maximise the menu by tapping the menu button.

You can move the menu to a different place. Press and hold the menu button and drag by moving your phone. If you press and hold anywhere for 4 seconds, the menu comes to you.

Extra: You can turn on a text reader to hear the words. Tap the cog icon, then check the box for "Read Text". You can pick a reader or language from the dropdown box.
